

STRAP DISPENSER MOD.HAJ13

The HAJ13 strap dispenser, is the best solution to achieve different advantages. The Jumbo-Superjumbo coil, with a length 3-13 times more than the standard coil allows to:

REDUCE:

- Easy, safe and fast strap coils loading time with fork truck (no crane or special device)
- The strap loading time in the machine (less strap waste due to less strap threading/ feeding)
- The material waste due to less cardboard cores

OPTIMIZE:

- The transport and the consequently storage (in 1 container 20' we can load 60 Superjumbo=18t o 98 Jumbo=8,8t)
- Strap accumulator independent, you can place where you want
- The production by reducing down- time

TECHNICAL DATA:

Installed power: 1.1 kW

power supply: 460V-480V

Rotation speed: 6-26rpm

total weight: 700lbs

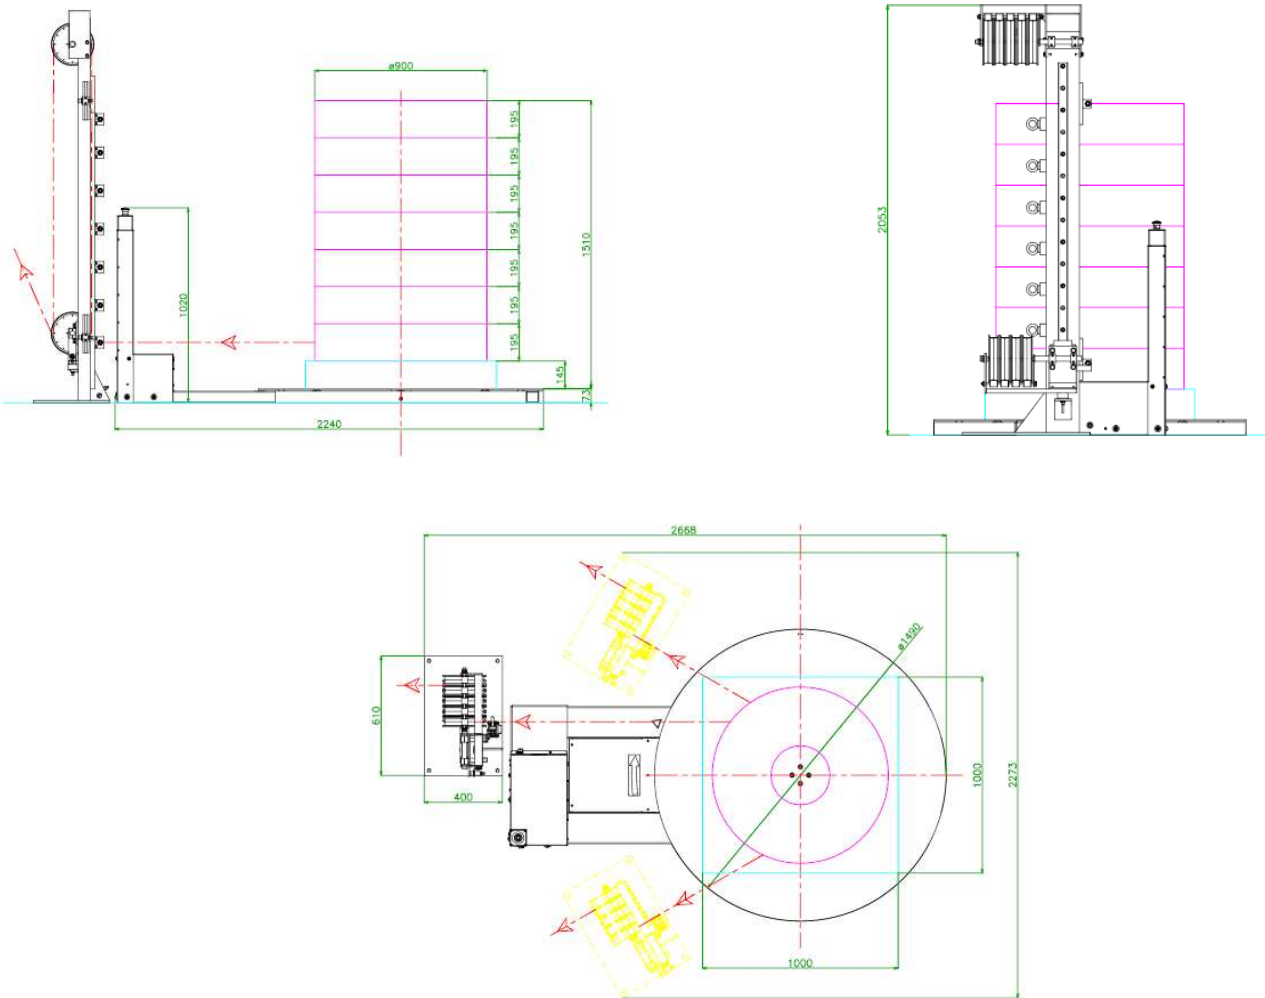

OPTIONS :

Stand-alone o machine cabinet management

Safety fences

Pit-frame

Double turning table
